OBJECT ORIENTED PROGRAMMING 1
Lab 2 Feedback Report
Student: Testing

Lab 2 Part 1 tests:

❌ Error in StationSimulation.main: StationSimulation

❌ Error in createVehicle Method: StationSimulation

❌ Error in serviceVehicle Method: StationSimulation

Lab 2 Part 2 tests:

❌ Class Vehicle does not exist.

❌ Error testing constructor: Vehicle

❌ Error testing toString() method: Vehicle

Lab 2 Part 3 tests:

Test: Default Constructor

❌ Error: Could not test the default constructor. FuelStation

Test: toString Method

❌ Error: Could not test the toString method. FuelStation

Test: Private sellFuel Method

❌ Error: Could not test the sellFuel method. FuelStation

Test: canDispenseFuelType Method

❌ Error: Could not test the canDispenseFuelType method. FuelStation

Test: dispense Method

❌ Error: Could not test the dispense method. FuelStation
